In publishing and graphic design, lorem ipsum is common placeholder text used to demonstrate the graphic elements of a document or visual presentation, such as font, typography, and layout. It is a form of `greeking`.

Even though using `lorem ipsum` often arouses curiosity due to its resemblance to classical Latin, it is not intended to have meaning. Where text is visible in a document, people tend to focus on the textual content rather than upon overall presentation, so publishers use lorem ipsum when displaying a typeface or design in order to direct the focus to presentation. `Lorem ipsum` also approximates a typical distribution of letters in English.
